↓

REMEMBER TO SAVE YOUR WORK!!!!!!!

System Navigation Tips

Move between fields using Tab or the mouse.
Turquoise shaded fields = Mandatory → Must be completed.
White fields = Optional → Only fill in what you are provided; no need to complete these.

Part A - Consultant Setup (Learning how to create yourself as a consultant)

Before issuing any documents, users must set themselves up as a consultant.

STEPS ON HOW TO SET YOURSELF UP AS A CONSULTANT:

On the Dashboard select **Back Office**:

Select “Internal Consultants”.

Select “New”

This setup is completed once only.

Students must always ensure that their name appears when creating clients, suppliers, or capturing documents.

"Always remember: they want to know who completed the task!"

PART B – LEARNING HOW TO CREATE NEW CLIENTS (LEISURE & CORPORATES)

TYPE OF CLIENTS

1. Debtors / Corporate Accounts

Debtors are corporate clients who hold accounts with the agency
Examples: Coca-Cola, Pick 'n Pay, or any registered company
Account Code Prefix: D (e.g., D00002)

2. Leisures / Walk-in Clients

Leisures are walk-in clients — people traveling for pleasure.
Examples: everyday travellers like you or me.
Account Code Prefix: L (e.g., L00002)

PAYMENT METHODS USED BY CLIENTS TO PAY THE AGENCY

These are how clients pay the agency:

Method	**Description**
Billback	• Client pays the agency. The agency takes a commission and pays the difference to the supplier. This usually occurs when the client has an account with the Travel Agency.
Direct Settlement	• Client pays the supplier directly. The agency claims a commission from the supplier, and the supplier pays the commission to the agency. The client does not have an account with the Travel Agency

BELOW ARE EXAMPLES/LIST OF **CORPORATES** WE WILL USE TO ISSUE INVOICES AND VOUCHERS

Corporates/Debtors are ALWAYS assigned the 'D' prefix and the system will auto-generate the account code.

To create new Corporate/Debtor clients, select "Corporate Clients":

Then, select “New”.

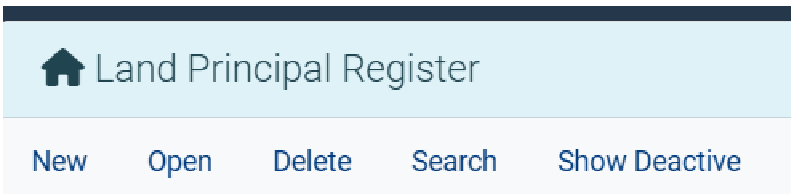
PART C – LEARNING HOW TO CREATE SUPPLIERS (PRINCIPALS)

NB – REMINDER YOU CANNOT ISSUE A VOUCHER OR INVOICE WITHOUT CREATING A CLIENT OR SUPPLIER

Select New:



PAYMENTS USED BY AGENCIES TO PAY SUPPLIERS

These are how the agency pays suppliers:

Method	**Description**	**When Used**
BSP (Billing and Settlement Plan)	It is a central organisation that facilitates payments between the agency and airlines.	Only used by Airlines
COD **(Cash on Delivery)**	Agency pays for travel immediately (before, during, or soon after service).	When the agency does not have an account with the supplier
Month-End	Agency pays for all travel at the end of the month.	When the agency has an account with the supplier

Important: You don't need to set up airlines; QuickTrav has pre-configured these suppliers for you 😊

Invoicing an Air Ticket

When invoicing a ticket, use the information below to complete the required fields. For the example ticket provided, identify and record the following:

4. **Route Type – confirm whether it is Domestic or International**
5. **Routes Travelled**
